

Bio's

Sarah Whalen is a powerful Shaman of ancient Celtic descent whose intuitive capabilities know no bounds. Raised in a well-to-do midwestern family, she remembers shutting her gifts off to fit in as a teenager. As life often does, following a prolonged struggle with her health, she has been reunited with her light and the shamanic path. As a way-shower for the living, and a messenger for the dead, she can journey (for herself and others) any direction across time & space, through untold dimensions, to see, with perfect clarity and accuracy events as they unfold, revealing wounds in need of healing and alleviating current life suffering. Sarah is the Hierophant, able to interpret sacred mysteries and esoteric principles and translate them into language that can be understood by all.

Sharon Frochen is what most people would call a contradiction in terms. On the one hand, a respected multi-faith minister, mystic and professional astrologist. A loving partner, daughter, aunt, sister, colleague and friend who lives to make people laugh. On the other hand, she is a revolutionary who has spent the last two decades of her life voraciously studying ancient cultures, quantum physics, religions, technology, ancient societies, the occult and all things esoteric. A powerful kinesthetic intuitive, oracle and reader who lives to challenge the "comfort zone." She is both the cloth and the sword, and a powerful Adept who has learned how to transmute the lower metal of her personal trauma into the higher metal of spiritual service.
